# Wear Where?

## ABOUT

Have you ever **thought** about **where** you **wear** your **clothes**?

Every **clothing** item, such as a dress, jacket, top, skirt or trousers, is **designed** for a **different section** of the **body**.

But **what if** we could **wear** our clothing **differently** from how it was designed?

What would happen if we **turned** our **clothing** literally **upside down, inside out, and on its head**?

## GROUP DISCUSSION

- Are you **excited** to **experiment** with your **clothing**?
- Has anyone **experimented** with **dressing-up** or **playing** with **clothing** before?

*Dressing-up can be defined as experimental play with clothing.*

- How do you **define** different **clothing** items?

*For example, what is the definition of a skirt, a top, a dress, pants, a jacket?*

- What is the **difference between how** you **define different clothing**?

*For example, how can you differentiate a top from a jacket (both are garments with armholes).*
